A hand wash worth experiencing, a story worth sharing

Meet the latest trend in hand washing

The natural choice for your customers: Plant-based formulation that matches latest trends and consumer demands, with 99% of ingredients from natural origin, free from undesired ingredients, no palm oil

A caring and sophisticated hand soap: delivering a pleasant in-use and after-use experience, creating a rich lather while leaving hands soft and smooth

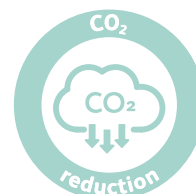

Join the powerful ‘leave no trace movement’, visibly elevating your brand’s sustainability credentials

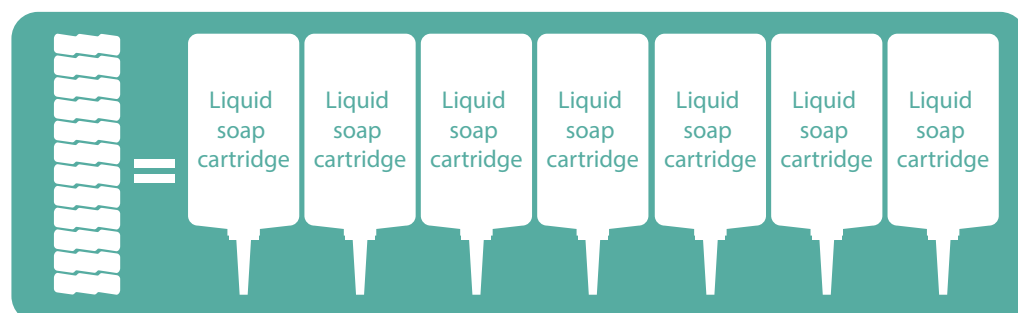

Reducing CO₂ footprint: With no transport of water and plastic, LESSEAU takes more trucks off the road than any liquid hand wash refill*, contributing towards your ESG goals

Zero plastic packaging: Allowing you to eliminate all hard-to-recycle, plastic packaging from hand wash operations in your washrooms

Zero product waste: 100% of the solid soap refilled in the LESSEAU dispenser is used compared to closed liquid hand wash dispensers where up to 25%* of product can remain unused on disposal

PLASTICFREE

Impacts of 12 bar soaps equal to up to 7 x 1 litre liquid soaps

A hand wash worth experiencing, a story worth sharing

Two soap bars on top of each other with a visual indicator of when to refill

Reduce your **hidden costs** with a favourable Total Cost of Ownership

Reduced storage needs: Requiring less storage than any liquid hand wash refill

Never run out of soap: Unique never-empty functionality with duo refills, ensures soap is always available

Never throw soap away: No need to throw away leftover liquid soaps when doing speedy refills. 100% of the solid soap refilled in the LESSEAU dispenser is used compared to closed liquid hand wash dispensers where up to 25%* of product can be discarded.

No need to purchase and replace batteries: Our dispenser is charged via USB-C that lasts around 1 year/recharge** limiting electronic waste and removing the need for battery changes

Plug & play: Simple installation, intuitive use and low maintenance (robust, effortless battery charge, no clogging and easy-to-clean thanks to small size without dirt traps)

*Based on a study across 4 European countries, evaluating the average product left in liquid hand soap dispensers (closed hygienic systems) across a variety of market sectors

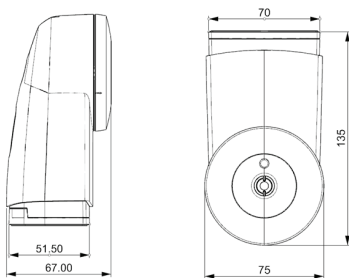

NO-TOUCH BAR SOAP DISPENSERS

LESSEAU No-Touch automatic soap dispensers are durable and extra hygienic thanks to its hands-free sensor and locking mechanism.

- 600 dosages
- One charge: up to 1 year**
- USB-C rechargeable
- Lock functionality
- Refill indicator

The **LESSEAU** soap bar dispenser weighs just 228 grams and is equipped with a lock in the lid and at the wall plate, making theft of the dispenser or soap virtually impossible. A soap indicator can be found on the top of the dispenser lid, when it starts turning red it is time to refill with one soap. The lid of the dispenser can be opened with the supplied key and the same key is used to remove the dispenser from the wall.

Each dispenser contains up to 600 portions of soap. The dispenser is recharged using the supplied USB-C cable. Depending on use: every 8 - 14 months**.

All LESSEAU No-Touch soap dispensers are supplied with:

- 1x Wallmount + mounting material
- 1x USB-C charging cable
- Integrated USB-C rechargeable cell
- 1x Key

**Tests performed show one charge provides 8 to 14 months of battery life based on hand washing activity'

INFORMATIVE STICKERS

A visual user manual for the dispenser is available in different sizes and colours***. These stickers can be used to cover holes from previous systems.

*** For additional wishes regarding the stickers, please contact us.
