

PROMAX F.GAP 30 L/MIN - 1 PRODUCT BUTTON

1 PRODUCT DILUTION SYSTEM FOR SCRUBBER MACHINE - BUTTON

- Easy to install, without the need for an electrical connection
- Facilitates the direct filling in scrubbing machine with the detergent solution
- Extremely reliable to guarantee correct dilution

1 product Venturi dilution system for detergent solution for scrubber machine with 30 L/min flow rate and button activation. Thanks to connection to the water mains, the product is drawn in the right dose (from 0,1% to 4,5%). The product delivery percentage can be adjusted using the coloured nozzles provided.

It is possible to customize the Promax by downloading the "Mask" annex. It is recommended to print it on a 120gr paper, to cut and apply it inside the Promax front panel, replacing the previous cardboard.

HOW TO USE

System operation is activated by manually pressing the button by the operator.
